

SCOUT CENTRE BOHINJ – CAMP SITE LAŠKI ROVT

RULES OF CONDUCT

We kindly ask you to consider some »rules« about staying at the campsite.

You received a map of the campsite, where your tents site is marked, as well as toilets, water, and trash bins.

There are usually several small scout groups camping at the site at the same time as your group. When you plan your activities please consider other groups which are camping at the other parts of the campsite.

The camp organisers are to do the following during the camp:

- familiarize participants with the camp rules and procedures;
- ensure adequate material and human resources are available to enable protection of life and property from fire, poisons, damage, explosion, etc.
- obtain adequate equipment for extinguishing initial fire;
- set up a food storage area in compliance with the applicable regulations;
- develop safety protocol for the programme activities to avoid possible risks to health and life of the participants;
- Temporarily cancel the activities that might prove dangerous.

CAMP FIRES AND COOKING FIRES

During the summer, open fires are sometimes not allowed due to high or very high risk of fires. Regular warnings are given at Radio Slovenia International (FM 91.1, 93.4, 98.9, 102.8 MHz).

Lighting a fire **inside the Triglav National Park** is allowed ONLY at the designated fireplaces. Those are special steel fireplace-plates at campsite No.1, or already made-up space, designated for camp-fire at campsites No. 2 and 3. In the forest you can only gather wood for starting the fire, but pick up only the branches lying on the ground, not the one already piled, and do not harm any trees. Order firewood for campfires and cooking, in accord with the information received previously.

WASHING AND USING THE WATER

Please, use biodegradable cleaning fluids and soaps for cleaning the dishes and washing.

Do not use the water from the spring at the side of the road - opposite the camp site No.1 entrance - for cleaning, washing or playing - it is a source of potable water for the nearest private houses!

TRIGLAV NATIONAL PARK RULES

Campsite is located **inside the Triglav National Park**, so please observe basic rules:

- Respect the customs and traditions of the people who live in the park.
- Do not make any noise that may disturb the wildlife.
- Admire the plants, but do not pick them, do not leave any waste in the park, but take it with you, along with your wonderful memories.
- Dogs should be kept on a leash at all times
- Park trails are intended for hikers, and cycling along the trails is not permitted.
- Follow the signs on information posts along the trails.
- Leave vehicles in designated places only.
